To Whom It May Concern:

We take all allegations of sexual assault and harassment seriously. The Orange County Labor movement is taking swift action to investigate any and all allegations that come forward. There is no place for sexual assault and harassment in our county, but it exists everywhere, as evidenced by the #metoo movement. We know that even though we fight against harassment on a daily basis, we are also not immune from it happening in our house.

In Solidarity,

Gilbert Davila  
President
